

## R-tail Sales System

### System Requirement

- Sales Pages for sales team
- Management Pages for management team
- Human Resource Pages for HR team

For now doing

Sales Page team

- nav bar
- selling registration form
- sold item table
- inventory item that are not sold

what is needed is ?

Form the front end

- sales.html that have all the above the competent in it

we will see what is needed as we continue to build it?
